Welcome to Humber Valley Radio Controlled Flyers. We welcome new and experienced R/C enthusiasts and enjoy the use of an excellent flying field located close to the heart of Toronto (Kipling and Steeles Avenue). If you want to break into Radio Controlled flying, Humber Valley is the place to do it. We offer a "wings" flight instruction program based on the buddy box system to help you learn to fly safely and ensure that you still have a plane to fly when you get your "wings". The club conducts a full schedule of summer and winter activities.
