

Humber Valley Meeting Announcement Wed Nov 7th 2018 @ 7:30pm Weston Golf and Country Club

Wadsworth Room; 50 St. Phillips Road, Toronto ON M9P 2N6

Winter meetings are held at Weston Golf and Country Club located conveniently just south of the 401 at Weston Road and lots of parking. If you come via the 401, drive south on Weston Road and keep right on St. Philips Road. Then keep a close watch for the entrance on the right past some tall hedges. It kind of sneaks up on you! Then keep to the right and park in the lot at the rear of the building. The main entrance is right off the parking lot. The Wadsworth meeting room is straight ahead on the left. Feel free to bring a friend.

Winter meetings are held at Weston Golf and Country Club located conveniently just south of the 401 at Weston Road and lots of parking. If you come via the 401, drive south on Weston Road and keep right on St. Philips Road. Then keep a close watch for the entrance on the right past some tall hedges. It kind of sneaks up on you! Then keep to the right and park in the lot at the rear of the building. The main entrance is right off the parking lot. The Wadsworth meeting room is straight ahead on the left.  Chief Flight Instructor, Randall Thomas..... (416) 675-6014
 Chief Safety Officer, Danny Karaiskakis (416) 356-1295

Nov 7th Meeting Program Announcement GlobalMedic RescUAV Drone Team - Dan Cyr

<https://globalmedic.ca/rescuav/>

GlobalMedic sends Canadian volunteers around the world to aid in the aftermath of disaster and crises. **Daniel Cyr** is the coordinator for the RescUAV program in Ontario at GlobalMedic. GlobalMedic is a registered Canadian charity, with a mandate is to save lives by providing short-term, rapid response in the wake of disasters and crisis, both at home and abroad.

Dan will speak to us about how his team uses advanced and innovative drone technology to provide:

- Aerial imagery of disaster affected buildings,
- Thermal imagery to locate survivors,
- Ground Penetrating Radar technology to scan collapsed buildings and detect signs of human life.

This will be a one-of-a-kind talk that you don't want to miss. It is a unique example of how drone technology can be used in a positive way to help people and save lives. There are teams of volunteers all across Canada and they can be deployed at a moment's notice to go anywhere in the world to join Canada's aid response teams. If you are interested in volunteering for this exciting team by contributing your drone flying skills, come to the meeting and speak to Dan Cyr yourself!

Dan will speak about his two recent deployments; the Guatemala Volcano eruption in June 2018 and the Earthquake/Tsunami in Palu Indonesia in October.

2019 Renewal Reminder

The new 2019 membership application form is attached to this Flyer and we will have copies available at the November 1st meeting. Please note the fee for renewals before Jan 1st is \$90.00. After that you will have to pay more. Fees are \$95.00 up to January 31st and \$100.00 after that. **Renew early and save!!** We also offer membership benefits for seniors and juniors joining under the "Family" plan. See the notes on the renewal form.

... to renew your membership today!

Please try to have the correct amount in cash or bring a cheque to the meeting to renew. You can also mail your application form and cheque to **Bruce Gillespie** at the address noted on the form. It is important to fill in all the required information clearly so that we have accurate data in our membership database.

Liability Waiver - New for 2019

Due to new MAAC regulations, we will require all members to sign the liability waiver found on the back of the 2019 application form. Please make sure you read the waiver and sign the form or your application will be denied.

Remember to scramble the numbers!

We have arrived at the field several times in the last few weeks only to find either the gate lock or the first aid box lock open. **If you are the last person to leave, be sure to relock the First Aid Box and Gate locks and scramble the numbers after closing the shank. The lock is not fully locked and will**

open if you do not scramble the numbers! The gate lock shank should be interlocked with the City's lock so that either lock will open the chain. Finally, please do not disclose the lock combination or web site member password to any non-member.

Annual Zone Meeting Report

Randall Thomas and **Bruce Gillespie** attended the Annual Zone Meeting held on October 21st. Thanks to all those members who sent in their proxies because without them, there would not have been a proper quorum for the meeting. **Chris Brownhill** was acclaimed as the new Deputy Zone Director (DZD) for our zone (South East Ontario Zone L). The meeting generated a recommendation to the MAAC Board of Directors that basically said that MAAC will not grant a sanction site to any other club where a club has already applied. This is to protect any other club from taking over another club's site. Also it protects the ZD and DZD from being put in a potential conflict of interest.

Indoor Flying Takes Off at York University!

We had a great turnout for the first Indoor on Oct 28th but if you missed it, there are still 9 indoor flying days left. Check below for all the dates. The space is HUGE! You will love it!

Check the October Flyer for a map and directions on how to get there. Please note carefully the remaining dates and times.

Day	Date	Time
Sunday	Nov 11, 2018	3:30 PM - 5:30 PM
Sunday	Nov 18, 2018	3:30 PM - 5:30 PM
Sunday	Jan 13, 2019	9:00 AM - 11:00 AM
Sunday	Jan 27, 2019	9:00 AM - 11:00 AM
Sunday	Feb 10, 2019	9:00 AM - 11:00 AM
Sunday	Feb 17, 2019	3:30 PM - 5:30 PM
Sunday	Feb 24, 2019	9:00 AM - 11:00 AM
Sunday	Mar 10, 2019	9:00 AM - 11:00 AM
Sunday	Mar 17, 2019	9:00 AM - 11:00 AM

Instruction Program Report

We all should congratulate and thank our Chief Flight Instructor **Randall Thomas** for putting real skin in the game this year and making 2018 one of the best years for student instruction ever. Randall spent considerable time putting the club trainer back in service and keeping it running. He brought it out the field almost every Wednesday night and it was put to good use. So far, three new students have earned their pilot wings plus a number of other returning pilots that only required our safety policy review and flight test to be cleared.

MAAC Policy Requires Airplane ID Labels

We told you in the October Flyer about MAAC's new policy that requires you to mount an identification label on all models. MAAC policy permits the information to be on the inside or outside of the aircraft. You can use clear Scotch tape to laminate it on your airplane. You can make your own label or cut out the sample below. Please note that going forward, any member of the club's executive committee will ground your plane for the day if you cannot demonstrate that you have labeled your aircraft correctly. We will bring a supply of blank labels to the November 7th meeting that you can use. Please label your aircraft!
