

Humber Valley Meeting Announcement

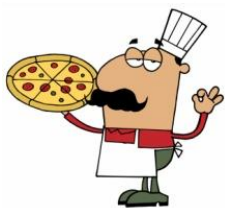

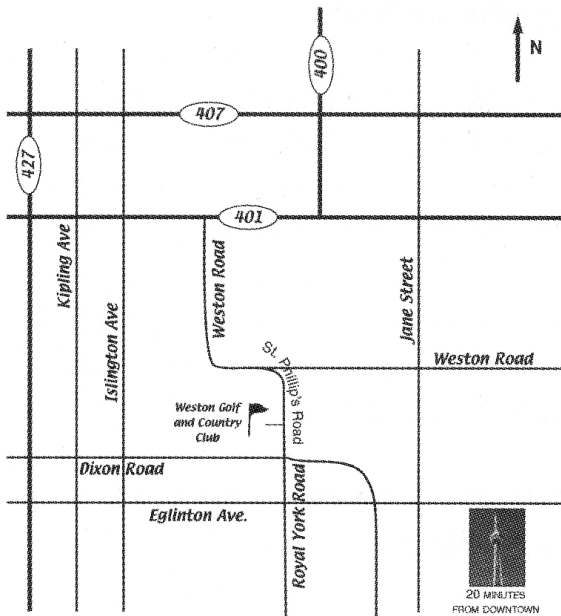

Wed Feb 5th 2020 @ 7:30pm
Weston Golf and Country Club

Wadsworth Room; 50 St. Phillips Road, Toronto ON M9P 2N6

Winter meetings are held at Weston Golf and Country Club located conveniently just south of the 401 at Weston Road and lots of parking. If you come via the 401, drive south on Weston Road and keep right on St. Philips Road. Then keep a close watch for the entrance on the right past some tall hedges. It kind of sneaks up on

you! Then keep to the right and park in the lot at the rear of the building. The main entrance is right off the parking lot. The Wadsworth meeting room is straight ahead on the left. Feel free to bring a friend.

We will have pizza, snacks, coffee and soft drinks at the meeting.

Hope to see you there!

Airplane Giveaway at the Feb 5th Meeting!

The fun never stops at Humber Valley. We have a nicely built finished airplane with a 56" wingspan and small glow engine. It looks something like a Cub and should be a nice gentle flyer. It can be yours if you come to the Feb 5th AGM meeting. We will be raffling it off for FREE to any paid up member who wants to put their name in for the draw. With only a little TLC you can get it flying or convert to electric. Just add your own receiver and battery and go flying. Good Luck!

This mystery ship to be raffled off at the Feb 5th meeting.

Show and Tell or Give it Away!!

Got a cool project or plane to show off?

Bring it to the February meeting and tell us about it please!

Got surplus stuff you don't need?

We all seem to collect surplus RC stuff that we don't need but would be useful to other members. Let us help you clean up your shop! Bring it to the December meeting to add to our free giveaway inventory.

Paul McMillan will bring in his amazing RV-8 shown here from Flex Innovations for Show and Tell at the Feb 5th meeting. This airplane is

designed for extreme aerobatics and is very impressive.

Web Site Discussion Planned at the AGM

Our web site is badly in need of a major overhaul. Many functions on the Forum and other functions that use Java plug-ins are not supported by current browsers. For years we have tried to find someone within the club to re-write it without success.

There is a budget item in the Treasurer's Report to be discussed at the Feb 5th meeting to find a web designer to rebuild it.
