

**We're doing it again Sunday July 26th !!!!
It was so much fun on July 4th, Let's do it again! Summer Fun Fly & BBQ Notice**

Nothing says "Summer" like a good old fashioned Barbeque so we figured what could be better than meeting up with all your Humber friends to show off your flying and also get all the hot dogs you can eat!

Program Director **Milt Charlton**

organized a fun day with great food a few weeks ago on July 4th. The all beef hot dogs were delicious with potato salad, chips and soft drinks - nobody went home hungry.

Mike Gerace organized the spot landing competition and scored the contestants. It was fun to watch and participate at any skill levels. The three winners of \$50 gift certificates were **Joe Trinidad, Shaobo Lei** and **Yonas Lijiam**. These gifts were donated by Arden Zhang at A&J Hobbies and there are still two \$50 certificates to be given away at the July 26th event. Thanks again Arden!

Happy winners of \$50 gift certificates presented by Mike Gerace (at right)

We had a great turnout at the July 4th Fun Fly. Our combat team put on a demonstration combat fight and **Paul McMillan** explained and flew an IMAC sequence. It was a great day. **We are doing it again on July 26th. Hope to see you there.**

Tom's classic Super Chipmunk makes a good spot landing attempt close to the mark!

Summer Float Fly & BBQ - Sunday Aug 16th

Club Treasurer, **Bruce Gillespie** has given the go ahead for our 4th annual Float Fly at the Indian Line Campground which is very close to our field. Last year's float fly was a huge success with a large attendance, great food, great weather and about 15 float planes in the air (not all at once of course). Once again we are "loaded for bear" (or fish) with our very own aluminum retrieval boat.

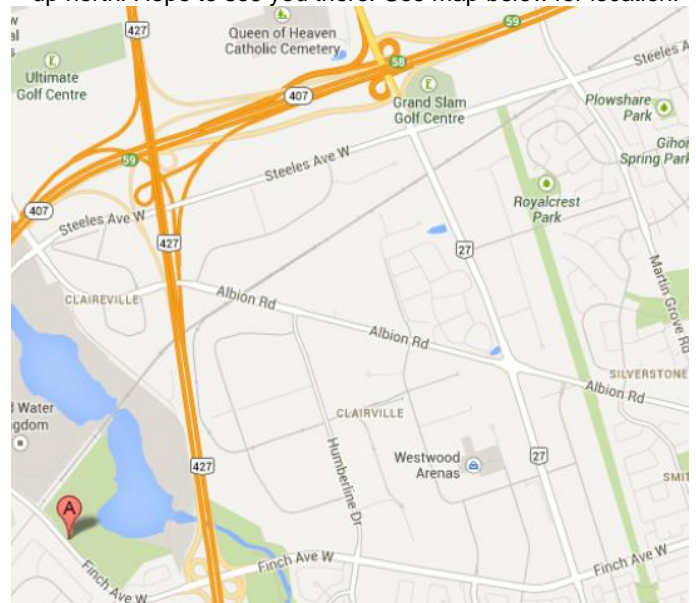

This site is ideal for float flying since it is a water reservoir and there are no swimmers to get in the way; and it is very close to our field at:

**Indian Line Campground
7625 Finch Ave W, Brampton, ON L6T 3Y7**

To get there:

- Travel west from our flying field along Steeles Ave. (5 km)
- Turn south (left) on to Finch Ave.(first light west of Hwy 50)
- Travel south a short way, and turn in at the blue Indian Line Campground sign on your left, just after going under the railway bridge.
- The site is in the north east corner of the campground.
- Tell the gatekeeper you are with Humber Valley. We are covering your admission fee!!! What a deal !!!
- Even if you don't have a float plane, this is a chance to come out and see how it is done. We hope you can make it and bring your friends and family to see the action. It is rare to be able to host a Float Fly so close to the city – no 2 hour drive up north! Hope to see you there. See map below for location.

New Circuit Direction Signage Planned

The field has been seeing very heavy use this summer and the club executive is always discussing ways to make your flying experience even more safe and enjoyable. With so many planes in the air at once, there is always a lot of discussion about circuit direction. After considerable debate, we are trying a new direction sign mounted in the middle of the pilot fences.

Today's Circuit Direction

**Take Off & Land
in the Direction
of the Arrow**

Humber Valley RC Flyers

The sign will have a reversible arrow to indicate take off and landing direction. The direction should be set by consensus and only

changed by mutual agreement of flying pilots. With a little common sense and cooperation, we think this would take a lot of uncertainty out of the equation and improve safety.

Two additional signs are being printed to control traffic at the field and warn spectators. Please do not drive your car into the pit area. Also, if you are expecting visitors, it is your responsibility to escort them at the field. If you invite them to the pit area near the starting stations, advise them of prop danger and always keep visitors behind your airplanes. We think these signs will help improve field safety.

SPECTATORS

For Your Safety, please stay behind the starting stations unless escorted by a member.

Humber Valley RC Flyers

We would like to thank new member **Paolo De Berardinis** who referred us to his good friend, **Peter Bordignon** at Printing and Promotion Group Inc. who offered to print up these signs for us

for free!

NO VEHICLES Beyond This Point!

Turnabout Driveway for Large Trailers Only

With so many members now flying IMAC and in general transporting large gas airplanes in trailers, we needed a place to easily park and maneuver them. Our Field Officer, **John Neves** jumped to the rescue and cleared a new turnabout driveway to be used only for cars with trailers. It is to the west of the parking area.

Call for Grass Cutting Volunteers - Help!

Field Officer **John Neves** still needs a few additional volunteers to help cut the grass and have a blast riding our cool mower! We will teach you everything you need to know and it only involves one or two days a month. If you can help, contact John at

(416) 937-8579 or email him at nevesjoaluis@gmail.com.

Vice President & Editor's Report

The Humber Valley Flyer is published monthly from October to April. I always send it out one week prior to each winter meeting. In July, I publish a summer edition like this one to announce summer events.

The Flyer has a circulation of about 215 consisting of:

- 100 current and previous year members by e-mail
- 15 members by regular mail
- 100 web subscribers by e-mail

I am so pleased to see all the field improvements that have been put in place over the last few years. We really have a first class facility. I hope you get a chance to come out and fly with us this summer. ...**Tom Gottlieb, Vice President and Editor**

Your 2015 Executive

President, Paul McMillan.....	(905) 851-7387
Past President, Pat Knight	(416) 225-2687
