

Humber Valley Meeting Announcement

Wed Mar 6th 2013 @ 7:30pm
Northwood Community Center
Room #10 - Basement Level

Please note that the winter meetings are now scheduled on the first Wednesday of each month from November to April. Come out to meet other members, participate in club discussions, make suggestions for next year, and enjoy a winter program of speakers, movies, special events and more. **Feel free to bring a friend.**

Here's how to get there: Take Sheppard Ave East of Jane or West of Keele to Arleta Ave. Turn north on Arleta to Clubhouse Court. Turn right to **#15 Clubhouse Court**. The Northwood Center is straight ahead on the left. *Note that Clubhouse Court does not meet Sheppard Ave. You have to get to it from Arleta Ave.*

Come Hungry to the March 6th Meeting

Program director, **Jon Holmes** decided he was getting tired of pizza at the winter meetings and is mixing it up with other tasty treats. Will it be Pizza? Will it be KFC? Maybe Chinese food? Who knows? The only

way to find out is to come to the meeting and taste for yourself. No time to stop in for dinner before the club meeting? No problem! Just come to the meeting hungry.

Grass Cutting Volunteers Still Needed

We also need a few additional volunteers to help cut the grass and have a blast riding our cool mower! We will teach you everything you need to know and it only involves one or two days a month. If you can help, contact Field Officer, **Ernie Dawson**.

More Show and Tell at the March Meeting!

Show and Tell is back for the March 6th meeting. Bring in your winter project, innovative experiment, or whatever turns you on (of the flying variety). We would love to see it!

Locking the Gate – Please Get it Right!

Our Field Officer **Ernie Dawson** wants to remind everyone about the importance of locking the gate and to note the proper locking connection. There have been many times last year when the gate was either left open or not interlocked correctly with the City lock. Please see in the photo how the locks need to be interconnected.

The last member who leaves the field must lock the gate. There are two locks secured to the chain. The combination lock is ours and the key lock is the City's. When you lock the gate, you must connect the two locks together as shown in the picture so that opening either lock will open the chain.

Please also follow these other tips.

1. When you lock the gate, spin the numbers to hide the combination. They do not spin on their own.
2. When you open the gate, close and lock our lock to the fence to prevent anyone from stealing the open lock while the gate is open.
3. If you are the 2nd or 3rd last member to leave the field, please remind the remaining flyers, that it is their job to lock the gate when they leave.
4. **Finally as stated above, intersect the City lock with ours and spin the numbers when you lock the gate.!**

See the member's section of our web site for the combination or ask an executive. Thanks all for your co-operation.
... Ernie

She's a beauty Mike!

Feb Fun Fly Report – Sunday Feb 24th

Wasn't the best day weather-wise but a few brave souls showed up and braved the cold and the snow – it is February after all but as they say a bad day at the field is better than a good day at the office. Here are a few pics showing the cloudy cold conditions.

Baby it's cold outside!

Ernie and Tony try to stay warm.
