

Humber Valley Meeting Announcement

Wed Oct 2nd 2013 @ 7:30pm
Northwood Community Center
New Room #7 - Basement Level

Please note that the winter meetings are now scheduled on the first Wednesday of each month from October to April. Come out to meet other members, participate in club discussions, make suggestions for next year, and enjoy a winter program of speakers, movies, special events and more. **Feel free to bring a friend.**

Here's how to get there: Take Sheppard Ave East of Jane or West of Keele to Arleta Ave. Turn north on Arleta to Clubhouse Court. Turn right to **#15 Clubhouse Court**. The Northwood Center is straight ahead on the left. *Note that Clubhouse Court does not meet Sheppard Ave. You have to get to it from Arleta Ave.*

Come Hungry to the Oct 2nd Meeting

Program director, **Jon Holmes** decided he was getting tired of pizza at the winter meetings and is mixing it up with other tasty treats. Will it be Pizza? Will it be KFC? Maybe Chinese food? Who knows? The only

way to find out is to come to the meeting and taste for yourself. No time to stop in for dinner before the club meeting? No problem! Just come to the meeting hungry.

Calendar of Upcoming Events

Wed Oct 2 nd	Club Meeting Discussion Topics <ul style="list-style-type: none"> • Lessons learned from IMAC competition – Paul McMillan • Constitution Review – Tom Gottlieb • Planning for next year's events • Planning for Indoor flying • The year in review - discussion

Wed Jan 1 st	New Year's Day Fun Fly 11am
Wed Feb 5 th	Club Meeting <ul style="list-style-type: none"> - Executive Elections - Annual General Meeting (AGM)

Fall Float Fly Report - Saturday Sep 21st

Fabulous Freaking Fall Float Fun Fly Fantasy Food Fest & Feeding Frenzy (FFFFFFFFFFFF)

The weather outside was frightful, but the flying was delightful for the few brave members who attended the Fall Float Fly at Domenic Teti's cottage on Buckhorn Lake. We did manage to get in a few flights as the weather eased up later in the day but there

was lots of time to socialize, eat pizza and soak in Domenic's impressive collection of airplanes hanging from everywhere in his boathouse. Thanks much to Domenic and his wife Joanne

for being such gracious hosts. The flying site is ideal with direct access to the lake only 10 feet from the boathouse.

Lots of eye candy to be found in the Boat Airplane House

What's a little rain to determined Humber Valley Flyers?

Oct 2nd Meeting Program Announcement Lessons learned from IMAC competition Paul McMillan

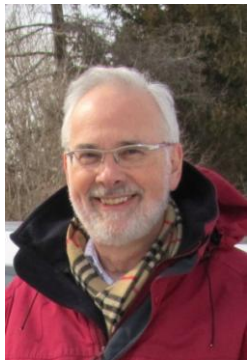

In case you didn't know our club president **Paul McMillan** has been doing Humber Valley proud by participating in several IMAC competitions over the season. "This has been a very challenging and rewarding experience for me and has forced me to "up my game" in precision aerobatics", says Paul. "I have made many new friends and learned so much about the competition, the patterns and the complex computer setups that are required to compete at IMAC level events."

Paul had a very successful year and is going to describe what it is like to compete and share with us many tips and tricks about surface mixes and set up that is required. Don't miss this chance to find out how and why the pros are able to perform amazing precise aerobatic maneuvers.

Review of the Constitution - Tom Gottlieb

Our constitution was last updated in October 2003 and while it has served us well over the years, it is badly in need of review. I have wanted to update it for years but just never got it done. However, we cannot put it off any longer. There are many sections that do not reflect the processes and issues we are dealing with on a regular basis. I will present a number of sections and clauses that need to be changed and the rationale for doing so. The process of changing the constitution is laid out in the

constitution and must be followed. Article 4 of the constitution says:

Article 4. Manner of Revising Constitution
Any proposed revision to this Constitution requires notification in writing, by means of the club bulletin or otherwise, sent to all members prior to the regular meeting. All amendments will be put to a vote at that meeting, and require a two thirds majority vote of the attending members to carry. The quorum for this vote shall be one third of the Open membership.

Therefore in accordance with Article 4, we will follow the process described below:

- 1) First we will discuss the changes in open debate at the October meeting.
- 2) I will then draft the proposed changes and publish them in the November Flyer for member review.
- 3) At the November meeting, we will discuss any further changes and debate the issues. At this meeting, I will propose a motion to approve the changes as amended at the November meeting.
- 4) The final draft will be published in the December Flyer.
- 5) A formal vote will be conducted at the December meeting to approve or reject the motion.

Topics that will be discussed may include but are not limited to:

- Definition of executive positions
- Election frequency
- Membership categories
- Notification and proxy rules
- Quorums
- Membership disciplinary process
- Membership application and renewal process
- Executive and membership rights

I hope you will all participate in this important activity that will shape the future of the club and how it is governed.

... **Tom Gottlieb, Vice President**

Additional Discussion Topics

There are a number of additional topics that we would like to discuss at the October meeting. So please bring your ideas and suggestions. Topics include:

- Planning for next year's events
- Planning for Indoor flying
- The year in review - discussion
