

### Humber Valley's Meeting Announcement

**Tuesday Nov 1<sup>st</sup>, 2011 @ 7:30pm  
Northwood Community Center**

Please note that due to the future closing of the Canadian Air & Space Museum, we have moved our winter meetings to the **Northwood Community Center**. Meetings will held on the first Tuesday up to April. Come out to meet other members, participate in club discussions, make suggestions for next year, and enjoy a winter program of speakers, movies, special events and more. **Feel free to bring a friend.**

**Here's how to the get there:** Take Sheppard Ave East of Jane or West of Keele to Arleta Ave. Turn north on Arleta to Clubhouse Court. Turn right to **#15 Clubhouse Court**. The Northwood Center is straight ahead on the left. *Note that Clubhouse Court does not meet Sheppard Ave. You have to get to it from Arleta Ave.*

### Program Report: Humber Valley's 3<sup>rd</sup> Fabulous Freaking Fall Float Fun Fly Fantasy Food Fest & Feeding Frenzy (FFFFFFFFFFFF)

The venerable Humber Valley Float Fly at the Niblett cottage was held successfully on Sat Oct 1<sup>st</sup>. The only members to show up were **Bruce Gillespie, Jon Holmes, Rocco Vita, Steve Simpson and Tom Gottlieb** - plus of course **Dave Niblett**, his wife **Lisa** and some friends who dropped by to watch the show. Considering the way the day started in the city, we beat the odds and had a great day. By 11am the sky had cleared and we enjoyed cool weather and nothing but clear blue sky all afternoon. The breeze was a challenge but 4 different planes flew and no mishaps even with a couple of dead sticks! BBQ lunch was delish. Thanks to Steve for picking up all the food.

Dave, from the all of the executive of Humber Valley to you and Lisa we thank you for being such gracious hosts and allowing us to use your beautiful Muskoka location for this event.

Picture at right shows the patented Humber Valley Special Retrieval Method invented for the occasion. Hope to do it again next year.

*Bruce, Dave, Jon, Tom and Rocco enjoy the sunny day*

*Don't try this at home. We are trained professionals.*

*Dave Niblett cooks up a storm!*

*Rocco's Seamaster handles the wind*

### Free Pizza at the Nov 1<sup>st</sup> Meeting!

There's nothing like good food to ensure a good meeting and the Humber Valley Pizza Club is going into its 7<sup>th</sup> year now due to popular demand. No time to stop in for dinner before the club meeting? No problem! Just come to the meeting hungry. Better get

there early though, before the mad rush, to make sure you get the best selection.

### Nov 1<sup>st</sup> Meeting Program Announcement Open Discussion and Debate

There seems to be a lot of pent up demand for open discussion and debate on a number of controversial subjects that have come up during the flying season.

These include:

- Indoor
  - Safety Rules
  - Helicopter Rules
- Outdoor Helicopter
  - Safety
  - Clearing Rules
  - Instruction
  - Membership Categories
- Noise
  - Limits
  - Jets
  - Complaint Procedure

Discussion rules and protocol:

- A club chairperson will control the debate topics
- The chairperson will give permission to members to speak
- The chairperson may limit speaker time
- Be polite and respectful of others
- No not interrupt a speaker making a point
- Argue your point, not the person
- Avoid personal attacks
- Be constructive, not critical

### FLASH – Treasurer Announces Return of Early Bird Renewal Discount – Save \$15.00!

It's getting close to that time of year again and we are planning the 2012 membership renewal drive starting at the November meeting. The early bird renewal/new member discount is for anyone signing up on or before December 31, 2012.

**Bruce Gillespie is smiling about his discount plan.**

**Here's the deal:**

- 1) Any full member renewal or new application received before December 31, 2012 will receive a \$15.00 discount off the \$90.00 annual fee for a net fee of \$75.00
- 2) To be eligible for the discount, renew at the November or December meeting OR mail in your application to the treasurer's address on the form. As long as your application is **postmarked on or before Dec 31/12**, you can claim the discount.
- 3) The discount does not apply to the One Time Joining Fee, the Junior Fee or the Family Fee.

Application forms are included with this Flyer and extra forms will be available at the meetings. Please make sure to complete a **2012** membership form, and include all information, write clearly and you must sign the form. There will be no exceptions to this as the form is a contract between you and HVRCF and thus must be properly filled out. HVRCF reserves the right to reject any application for membership whether it is a new application or a renewal, in accordance with our bylaws. Therefore make sure you sign and date it, as this is your contract with the club that assures you understand and will abide by all club rules.

PLEASE make sure to mail or hand deliver your form and dues directly to me. Do not pass it on to someone else, or it may significantly delay its processing, or even worse, get lost. If you plan to renew at the December meeting and plan on paying by cash, please make sure you have the exact change.

.... **Bruce Gillespie, Treasurer**

### Election Planning Discussion

The AGM is coming in February and we have much to discuss about who is running, who is stepping down, and who you think would make a good candidate for the club's 2012 executive. Please participate in an important discussion of the club's leadership positions and find out

### North Albion Collegiate Indoor Flying

Thanks to club member **Dave Edwards** for arranging indoor access at the Collegiate. These are turning out to be a lot more fun and challenging than originally expected. Upcoming dates include: Nov 05, Nov 19, Dec 03, Dec 17, Jan 07, Jan 21, Feb 04, Feb 12, Mar 03, Mar 17, Mar 31, Apr 14, Apr 28 so mark your calendars and plan to attend.

Are you new to indoor flying? Not sure what plane to get? Post a question on our forum to get some good recommendations. Also be sure to familiarize yourself with the revised indoor flying rules below.

### Humber Valley Indoor Flying Safety Rules

The following are the current indoor flying rules revised by **Dave Edwards** based on our zone director's recommendations

**Eligible Pilots:** Only Humber Valley RC Flyers (HVRCF) members that have achieved their pilot status and are current in both MAAC and HVRCF membership are permitted to fly.

**Eligible Aircraft:** Only fixed wing and micro & mini helicopters are allowed. No bigger, faster or 3D helicopters.

**Flight Boss(s):** David Edwards, Dan Paluzzi, Paul McMillan & Eric Gallas are co-"Flight Bosses" with the responsibility and authority to manage the flying events, to recognize and resolve unsafe situations up to and including withdrawing flight privileges and or requesting the removal of undesirable attendees. They also have the authority to organization safe and efficient flight patterns / sequences etc, as the need arises. They can delegate this responsibility to other pilots as the need arises.

**Pilot Line:** Pilots are expected to stand behind the black painted line on the floor running parallel next to the bleachers. An appropriate 72Mghz frequency control system will implemented as required at the flight line. Aircraft are not to approach or overfly the flight line and should be flown as far away from the pilots as reasonably possible,

**Pit Area:** The Pit area will be outside the main entrance door to the gym (i.e. in the school hallway). All planes not currently in use are to be located there. No planes are allowed behind the flight line.

### Number & Type of Aircraft In The Air Concurrently:

If demand is sufficiently high, flying by type of aircraft (based on speed / size / air space requirements) may be implemented. No more than four 3D or F3P type planes would be allowed in the air at once. A maximum of four small fast planes like the Parkzone micro P51 would be permitted. If the airspace is limited to small slow planes like the Parkzone Vapour, that limit would be increased to eight. Helicopters are expected to fly in the perimeters of the flying area consistent with the pilot line and would be limited to 3.

### Pre-Flight Inspection:

Pilots are expected to range check their aircraft and insure their plane is air worthy and all control actions and throttle control are as expected before the first flight of that aircraft at the start of each day.

### Air Worthiness:

Aircraft that are damaged or suspected to be damaged should not be flown.

### Pilot Access to Flight Space

Pilots are expected to enter actively used airspace only after first insuring it is safe to do so and to clearly announce "ON THE FIELD". They should announce "OFF THE FIELD" when returning behind the flight line or to the pit area.

### Spectators:

Spectators are permitted only if specifically invited by an attending flyer and it is the responsibility of that flyer to insure the spectator stays behind the flight line and is safe at all times. Spectators are not allowed to fly.

### Posting:

The above rules will be made available to all Humber Valley members via its newsletter and or its web site and will be available at the flying sessions.
