

### Humber Valley's Meeting Announcement Tuesday Oct 5<sup>th</sup>, 2010 @ 7:30pm

Our fall and winter meetings are held at the Canadian Air & Space Museum on the first Tuesday of each month from October to April at 7:30pm.

**Here's how to get there:** From the 401 East or West, exit at Keele Street North. Turn right on Sheppard Ave, and follow Sheppard to the entrance to Downsview Park. Turn right into the park

onto John Drury Lane until you reach Carl Hall Road. Turn left at Carl Hall and continue east over the railway tracks to the museum, which is on your right.

### Tuesday Oct 5<sup>th</sup> Program Announcement The Indoor Electric Phenomenon

Do you know this airplane? If not, come to the Oct 5<sup>th</sup> meeting to find out. There has been a virtual explosion of interest and new designs in indoor electric flyers in the last year. We will have our experts describing the fun and challenge of this new RC phenomenon. Learn what's hot and what's not in indoor electrics. Learn even more about motors, batteries and electronics you will need to get started. Best of all, the low cost and durability of these little airplanes will surprise you. Get more fun per dollar than you ever thought possible. Hear about Humber Indoor flying schedule at the North Albion Collegiate Institute gym. The first flying date is Oct 16<sup>th</sup>. And while you are thinking about indoor flying, check out the EMFSO Dome Fly this Sunday at the Metro Golf Dome. See next page for all the details.

### South East Annual Zone Meeting Saturday October 2, 2010 12:30 pm

ATTN: All Humber Valley Members. **Clair Murray**, our MAAC South East Zone Director wants all club members to be reminded of the upcoming South East Annual Zone Meeting. The meeting is located at the Elgin West Community Centre, 11099 Bathurst Street, Richmond Hill, Ontario.

**Martin York**, an avid scale modeler is the keynote speaker. Proxy votes may be scanned and sent to Dennis Dubois Assistant Zone Director email: [dennis9412@gmail.com](mailto:dennis9412@gmail.com)

As a special incentive... the club with the most open members present at the meeting will receive a cash prize.

Best Regards, Clair Murray  
MAAC South East Zone Director

### Free Pizza at the Meeting!

There's nothing like good food to ensure a good meeting and the Humber Valley Pizza Club is going into its 6<sup>th</sup> year now due to popular demand. No time to stop in for dinner before the club meeting? No problem! Just come to the meeting hungry. Better get

there early though, before the mad rush, to make sure you get the best selection.

### Call for Speakers and Topics

The winter meetings are a great time to get together with friends, participate in discussions on club affairs, make plans for the upcoming season and hear about innovative and interesting RC news and projects. But to make the meetings informative and productive, we need more than pizza to get a good turnout. If you are involved in a new project, an interesting airplane or have tried (successfully or not) to do something new in RC – then we need you to bring it to the attention of Steve Simpson, our program director so we can schedule it for one of the upcoming meetings. Please contact Steve at: [stevefsimpson@hotmail.com](mailto:stevefsimpson@hotmail.com).

### Hobby Show Reminder – Nov 5-7, 2010

In case you want to hold the date, don't forget the Hobby Show will be running Nov 5-7, 2010 at the International Center near the Toronto Airport.

### \$\$\$\$\$ Opportunity for Bargains \$\$\$\$\$\$

Looking for a bargain? A long time club member Dennis Vogen is retiring from the hobby and will be bringing his entire collection of RC stuff (including planes and radios) to the October meeting to sell at great prices. Be there for a deal!

## Calendar of Upcoming Events

Sat Oct 2 <sup>nd</sup>	South East Annual Zone Meeting 12:30 pm
Sun Oct 3 <sup>rd</sup>	EMFCO Indoor Dome Fly 10:00am to 2:00pm

Nov 5-7, 2010	The Hobby Show
Tue Nov 2 <sup>nd</sup>	Next Humber Club Meeting

<sup>1</sup> North Albion Collegiate Institute is located just south of the field at 2580 Kipling Avenue on the west side.

### North Albion Collegiate Indoor Flying

Thanks to club member **Dave Edwards** for arranging indoor access at the Collegiate. These are turning out to be a lot more fun and challenging than originally expected. Even if you don't have a small indoor electric to fly, why not come out and see what's happening? You will be surprised and you are certain to find someone who will let you try your hand at flying. These little planes are very resilient and designed to survive crashes against walls or basketball hoops. As a reminder MAAC requires all pilots stay behind the flight line. No flying from the side walls of the gym. We will confirm future dates in the November Flyer so stay tuned.

### Keswick Fall Float Fly – Sun Oct 3<sup>rd</sup>

The Keswick Fall Float Fly will be held again at Sibbald Point Provincial Park next Sunday Oct 3. At this point the weather looks very good. The beach at Sibbald Point is a terrific float fly site so if you have anything that floats and flies come and join us for a day of good flying, good food and good hospitality. See you at the beach ... Cec Wood

**Good Flying Good Hospitality Good Food**

**No club fee. Park entrance fee \$7.00 per vehicle.**
