

## Humber Valley's Meeting Announcement Tues Feb 7<sup>th</sup>, 2006 @ 7:30pm

**Here's how to get there:** From the 401 East or West, exit at Keele Street North. Turn right on Sheppard Ave, and follow

Sheppard to the entrance to Downsview Park. Turn right into the park onto John Drury Lane until you reach Carl Hall Road. Turn left at Carl Hall and continue east over the railway tracks to the museum, which is on your right.

## New Year's Day Fun Fly Report

What a day! The weather was positively balmy. The only problem was the early morning fog which swallowed up and spit out at least one airplane. However the light snow and warm temperatures together with calm winds made for a perfect day and a great turnout as you can see below!

## Annual General Meeting (AGM) Tue Feb 7<sup>th</sup>

The Annual General Meeting will be held on Tuesday Feb 7<sup>th</sup> at the TAM starting at 7:30pm. This is when we will go over the 2005 Annual Report and discuss the budget and planned events for the 2006 flying season. You will be able to download the 2005 Annual Report from the "Members Only" page of the club web site as soon as it is completed. An e-mail notice will be sent out to all members with e-mail addresses and copies will be available at the Feb 7<sup>th</sup> meeting. Please come to the meeting prepared to discuss any questions, concerns or suggestions for the 2006 season. The **Annual Financial Statement** (below) will be reviewed. It's your club so come and express your views. We will vote on a motion to accept the Annual Report at the meeting.

## January Meeting Report - Movie Night!

Our movie night worked out very well with interesting clips and movies. **David Edwards** found a good assortment of jet and crash videos he was able to download from the Internet and **Tom Gottlieb** showed a promotional clip of the new Bad Boy V2 Fun Fly he is building. Tom said he would bring it to the February meeting to show how it looks - ready to fly.

## Gary's Update on Field Leveling Progress

The first loads of clean fill have been delivered to the area west of the gate. Soil will be dumped there as it becomes available. When enough is accumulated, the Parks Department will haul it up the hill and fill in the depressions on the north half of the flying field. The one mound of fill in the center of our field marks the east / west boundary for leveling operations. The inconvenience to landing and take-off should be minor. We really are fortunate to have so much green

space to work with. Who ever thought a pile of dirt would look so good. Photo shows dirt being staged just west of the gate. We appreciate

all the help and support we get from Parks Superintendent, **Jim Wakelin** and the Parks Department staff – Thanks Jim!

## New Club Forum Is Up and Running

Make sure you go and check out the club's new forum which is now fully operational and looks great thanks to our Web Master, **Barry Collingwood**. You can view any post as a guest but please note that you must register in order to reply to posts. Get to the forum at [www.hvrcf.org](http://www.hvrcf.org).

## Elections at the AGM Feb 7<sup>th</sup>

**Elections will take place at the Annual General Meeting on February 7th.**

## Free Pizza – Only at Humber Valley!

The only thing better than hot pizza is **FREE** hot pizza and we have it at every monthly winter meeting. What other club goes the distance for you like Humber Valley RC Flyers? Come early though to get the best selection.

## J-B WELD – A Trusted Friend

I finally had to go out and buy a new supply of J-B WELD which I must have had in my shop for over 10 years. In case you haven't heard of it, you should run to your nearest Canadian Tire outlet and ask for it by name. It is basically steel epoxy that fixes anything metal from mufflers to carburetors and has always been a good friend to me... Tom Gottlieb, Editor.
